Product Bulletin: July 14, 2022

Expected General Availability:

QBT2500: July 14, 2022

QM2500: October 31, 2022

Product: QuickScan QM/QBT2500

Expected Public Announcement:

September 6, 2022

## QUICKSCAN™ QM/QBT2500 THE CORDLESS MODELS JOIN THE 2500 SERIES!

### OVERVIEW

Datalogic is very pleased to announce that **both the cordless STAR Radio and Bluetooth® models are ready to join the QuickScan 2500 Series**, our entry-level 2D handheld scanners for general purpose applications. These models complete an offering which is aimed at providing superior performance at a very affordable price.

The new **QuickScan QM2500** STAR radio models ensure interference-free communication with low sensitivity to obstacles, **avoiding delays and increasing productivity**, particularly in **busy environments with Bluetooth and Wi-Fi**. This will pay back your investment back in just three months!

Furthermore, in times of shortage of components and Bluetooth chips in particular, the availability of an alternative radio communication represents for our customers a **protection of their investment** and an **appropriate risk diversification**.

At the same time, Datalogic confirms its commitment on Bluetooth models – the new **QuickScan QBT2500** – that provide **maximum flexibility** and solves most end user applications, by **increasing both the autonomy and the radio range**. In other words, you have two weapons instead of one!

With this addition, the whole **QuickScan 2500 Series** is now completed and fully available, featuring the distinctive design and family feeling of the Datalogic general purpose offerings of handheld scanners, and providing the latest USB-C connectivity. This offering includes a variety of stands, holders, and accessories to **provide associates with the best fit in their working environment**.

# Product Description

## MAIN TARGET APPLICATIONS AND USE CASES

### 1. INDUSTRY: Retail In-Store

SUBINDUSTRY: Food – Grocery, Non-Food, Stores, Shopping malls

## BUSINESS PROCESSES / APPLICATIONS

- Point of Sale Checkout
- Loyalty cards and electronic coupons

## KEY SELLING ARGUMENTS

### What the Operator expects:

- Best-in-class 'first-time at every time' scanning performance
- Full guidance with extremely precise visible, audible, and tactile feedback
- Comfortable to handle and on the operator's eyes with soft and adjustable brightness
- Wide radio range, seamless motion-sensing modes transition, and flexible cables to provide freedom of movement
- Continuous no-stop operations with no failures, full-shift autonomy and zero interferences

### What the End Customer expects:

- Affordable price for limited budgets
- Elegant and cutting-edge design, with choice of colors and variety of stands and accessories
- Connectivity to whatever host, including the latest USB-C standards
- Seamless configuration of the scanner

# Product Description

## CUSTOMER VALUE

- Improved operator efficiency, with reduced no-read/misread management activities
- Improved operator productivity, with the promptest feedback of a good-read, to proceed as quickly as possible during peak hours
- Increased operator productivity, making the associates happier and at their ease with handling the scanner during full shifts
- Increased operator efficiency, without constraints even in a restricted working space
- No down time for break-down of the scanner, resets or miscommunication, and interferences from other Bluetooth and Wi-Fi devices
- No compromise in quality or accuracy of details – the scanner doesn't look 'cheap'
- Best fit for the in-store environment, make Retailers present their stores at the best, as their own 'image' in front of their customers
- Connectivity requires no further investment or installation's expenses
- Fast and intuitive set-up saves time and increase efficiency during installing phases

## 2. INDUSTRY: Commercial Services and Government

**SUBINDUSTRY: Postal, Banks, Public Administration, Utilities**

## BUSINESS PROCESSES / APPLICATIONS

- Document Handling

## FEATURES AND BENEFITS

PRODUCT FEATURES	BENEFITS FOR CUSTOMER
<p><b>STAR Radio Wireless Communication</b></p> <ul style="list-style-type: none"> <li>Narrow band radio: 433 MHz / 910 MHz</li> <li>Point-to-Point Configuration</li> <li>Complete bidirectionality</li> <li>Radio range in open air: up to 30 m / 98 ft</li> </ul> 	<p><b>Interference-free</b> in busy Wi-Fi/Bluetooth environments: it's a <b>unique and distinctive system</b> compared to the Bluetooth-only competitive offering, and Datalogic is the only manufacturer providing this kind of proprietary radio system.</p> <p>In times of shortage of components and BT chips in particular, the availability of an alternative radio communication represents for the customers a <b>protection of their investment</b> and an <b>appropriate risk diversification</b> when shared with BT devices.</p> <p><b>Maximum security and data protection</b> are guaranteed by the proprietary design, which ensures 'data privacy' thanks to its closed system.</p>
<p><b>Bluetooth wireless technology 4.0</b> Certified Class 1</p> <ul style="list-style-type: none"> <li>Point-to-Point Configuration</li> <li>Profiles: SPP - Serial Port Profile, BT HID</li> <li>Radio range in open air: up to 50 m / 164 ft</li> </ul> 	<p>It provides <b>maximum flexibility</b> and solves most end user applications.</p> <p>It <b>increases both the reader's autonomy and the radio range</b>.</p>
<p>Outstanding operating flexibility</p> <ul style="list-style-type: none"> <li>Powerful long-lasting Lithium-Ion battery (3.250mAh)</li> <li>Up to 115.000+ Reads per Charge</li> <li>85+ hours with Bluetooth radio</li> <li>60+ hours with STAR radio</li> </ul>	<p>Increases operator productivity.</p> <p>24/7 operations with <b>non-stop for battery charging or out-of-range conditions</b>.</p>
<p>Smart Battery Management</p> <ul style="list-style-type: none"> <li>4 different battery operating profiles available <ul style="list-style-type: none"> <li>Maximum Performance</li> <li>Maximum Battery Health</li> <li>Maximum Autonomy</li> <li>Fast Charge</li> </ul> </li> </ul>	<p>Ability to <b>manage the battery and the reader performance</b> based on application needs.</p> <p>Maintenance and services operations can be easily planned and kept under control at any time, increasing solutions' productivity (<b>no down-time</b>).</p>

# Product Description

<ul style="list-style-type: none"> <li>▪ Battery info available through software commands (battery status, level of charge, age, number of charging cycles, etc.)</li> <li>▪ Charging times: approx. 4 hours (FAST Charge) – 10 hours (regular charge)</li> <li>▪ In- field replaceable battery</li> </ul>  	
<p>BC2090 cradle</p> <ul style="list-style-type: none"> <li>▪ Small size and reduced footprint</li> <li>▪ Desk mounting options</li> <li>▪ USB Type C, USB Type A, RS-232 and Keyboard wedge communication options (IBM 46XX interface supported through dedicated cable)</li> <li>▪ Plug-in Cart Clip accessory</li> </ul>	<p>Reduced space at the POS, to <b>easily adapt to any layout</b>. Ready to be <b>directly connected</b> to any kind of new POS system, PC, Tablet and Cash register (e.g., full touch tablet based). Ready to be installed in any cart solution (e.g., medical carts) or wall mounted, thanks to the versatile Cart Clip accessory. No mechanical adapting efforts required to system integrators and solution providers to propose solutions based on Datalogic reader + cradle.</p>
<p><b>BATTERY FAST CHARGE without the need of an external power supply</b>, because of the USB Type C host capability to provide the additional current required to support the fast charge option and using the new USB type-C cables.</p>	<p><b>Reduces the overall cost</b>, as no power supply nor power cord are needed.  <b>Improves the overall reliability</b>, as no power supply or power cord can be damaged or disconnected.  <b>Simplifies and speeds up installation</b> and cabling operations, as no power supply nor power cord must be connected.</p>
<p><b>Outstanding Omnidirectional Reading Performance</b></p> <ul style="list-style-type: none"> <li>▪ 1 MP sensor (QD2500)</li> <li>▪ VGA sensor (QW2500)</li> <li>▪ Exceptional Depth of Field</li> <li>▪ Decodes hard-to-read, poorly printed or damaged codes</li> <li>▪ Reads bar codes <b>from mobile devices</b></li> <li>▪ Read bar codes <b>through plexiglass panels</b></li> <li>▪ Reads very fast</li> <li>▪ Reads fast moving codes</li> <li>▪ Reads from any angle</li> <li>▪ Reads low contrast codes</li> </ul>	<p>The associates scan barcodes along their entire shift at the cash register and during peak hours. They would get embarrassed in front of their customers if nothing happened when they pressed the trigger, or it happens too slowly, regardless of the barcode is damaged or poorly printed. Not having to align the scanner with the barcode is the plus side of omnidirectional 2D handheld scanner that users appreciate to speed up their activity. New frontiers of applications such as mobile couponing and recent regulations to contain the pandemic have imposed the need to read from screens and through a plexiglass barrier too. QuickScan 2500 Series excels in its class, thus providing:</p> <ul style="list-style-type: none"> <li>▪ Enhanced operating flexibility</li> <li>▪ Improved operators' efficiency</li> </ul>

# Product Description

<ul style="list-style-type: none"> <li>Reads in any lighting condition</li> </ul>	<ul style="list-style-type: none"> <li>Increased operators' productivity</li> <li>Reduced no read/misread management activities</li> </ul>
<p><b>Dual blue LED-based Extreme Precision Aiming system</b> (QM/QBT/QD 2500)</p>  <p><b>Intuitive blue dot LED-based Aiming system</b> (QW2500)</p> 	<p>The associates at the cash register get annoyed if it takes time to align the barcode to the reader; they want to clearly understand where the scanner is pointing at and be confident to read whatever the orientation. No need to line up the imager and the barcode. The QuickScan 2500 Series solves all this with an omnidirectional scanner with the best intuitive aimer:</p> <ul style="list-style-type: none"> <li>A sense of <b>extreme precision</b> is conveyed to provide the operator the maximum confidence to target the proper code</li> <li>Improved operator' efficiency</li> <li>Increased operator' productivity</li> <li>Reduced accidental reads in multiple bar code environments.</li> </ul>
<p><b>'Green Spot' Technology</b></p> 	<p>Good-read feedback directly on the code is ideal under dim lighting conditions, noisy environments, regular and unusual reading positions. Once again, a sense of <b>extreme precision</b> is conveyed to the operator by the Green Spot being <b>perfectly centered on the barcode</b>.</p>
<p><b>Soft Red Illumination</b> with distinctive capability to <b>adjust the brightness</b></p>	<p>The operator can adapt the readers' illumination brightness to solve any application lighting requirements. It is possible to tailor the reader's behaviour to each specific working environment (e.g., dark rooms). Overall, it <b>lowers fatigue on the operator's eyes</b>.</p>
<p><b>Motionix™ (patented)</b></p> <ul style="list-style-type: none"> <li>Seamless reading mode transitions</li> <li>Object detection</li> <li>Auto-stand mode (QD/QM/QBT 2500 only)</li> </ul>	<p>Increases operator productivity. Suitable for both 'in stand' and 'in hand' operations. Ready to promptly manage any scanning requirement in any situation. The scanner adapts to the task being executed without requiring any intervention from the operator. If you move the scanner when 'aiming' is on to choose what barcode to read before triggering. Or when the scanner is in a 'static' position on the stand, it is always active.</p>
<p><b>Outstanding trigger feedback</b> (tactile and audible) combined with <b>superior robustness</b>:</p> <ul style="list-style-type: none"> <li>Ergonomic and prompt tactile feedback</li> </ul>	<p>The feedback, both tactile and audible, that the pull of trigger provides to the operator is <b>key to the success of the reading activity</b>. It contributes to the <b>promptness of reading</b> that gets conveyed. Additionally, expectation of end users is <b>not to have down times</b> due to breakdowns</p>

# Product Description

<ul style="list-style-type: none"> <li>▪ Loud and adjustable sound</li> <li>▪ 10 million hits - equals top of the range devices on the market</li> </ul>	<p>of the most stressed mechanical part of a handheld device.</p> <p>The benefits that QuickScan 2500 Series provides are tangible:</p> <ul style="list-style-type: none"> <li>• Improved operator efficiency</li> <li>• Increased operator productivity</li> <li>• No down times due to breakage of parts</li> </ul>
<p>Up-to-date <b>USB Type C</b> connectivity</p>	<p>Ready to be directly connected to any kind of new POS system and/or cash register (e.g., full touch tablet-based). Ready to be directly connected to any kind of new PC and/or tablet (e.g., new notebook full touch).</p>
<p><b>New generation set of recommended cables</b></p>	<p>The cable must not prevent the associates' short-range movements, nor must it not be too rigid to struggle with in order to keep the reader in their hands or in the rest position on their desk.</p> <ul style="list-style-type: none"> <li>• Use of new generation cables is recommended to provide operators with superior comfort</li> <li>• Increased flexibility and fit during installation</li> <li>• Provides the highest immunity to ESD discharge, thus avoiding resets and downtime issues</li> </ul>
<p>The <b>complementary</b> new <b>Aladdin 3.0</b> configurator software provides:</p> <ul style="list-style-type: none"> <li>• Intuitive GUI interface even for first-time users</li> <li>• Search engines</li> <li>• <b>On-line version</b></li> <li>• Wizard-driven interface <b>embeds settings into a single programming code</b></li> </ul>	<p>Deployment of the QuickScan 2500 Series is made very easy to customers, providing the fastest out-of-the-box experience and installation:</p> <ul style="list-style-type: none"> <li>• <b>Cuts dramatically deployment times</b></li> <li>• Always <b>perfectly up to date</b>, as web-connected users don't need any local install of the latest software version</li> <li>• Enable customers to configure their devices <b>with just a single scan</b></li> </ul>
<p>Cutting-edge ID design with a <b>full range of models and accessories</b>:</p> <ul style="list-style-type: none"> <li>• Two colors:             <ul style="list-style-type: none"> <li>• Black and white (QD2500)</li> <li>• Black (QW/QM/QBT2500)</li> </ul> </li> <li>• Complete sets of stands and holders</li> </ul>	<p>Customers are looking for the best fit in their own working environment. The handheld scanner must be <b>seamless and unobtrusive</b> during operations at the POS check-out and most of the time it represents a <b>nice piece of décor</b>. QuickScan 2500 series responds to this requirement with:</p> <ul style="list-style-type: none"> <li>• Outstanding ID design that <b>highlights the quality</b> of the product itself</li> <li>• Black and white versions to <b>adapt to the latest trend in POS check-out</b> environments</li> <li>• Wide choice of stands and accessories to best adapt to whatever the <b>operator's best preference and comfort</b> is.</li> </ul>

# Product Description

## BEST FEATURE 1 DETAILS

### Interference-free wireless communication

#### IMPACT ON USER EXPERIENCE

- Datalogic proprietary STAR radio ensures interference-free communication with low sensitivity to obstacles, avoiding delays and increasing productivity, particularly in busy environments with Bluetooth and Wi-Fi.
- Unique solution on the market to avoid the issue of shortage of Bluetooth components: it represents an investment protection and a risk diversification.

## BEST FEATURE 2 DETAILS

### Outstanding Reading Performance (Depth of Field and Snappiness) for this class of products

#### IMPACT ON USER EXPERIENCE

- Enhance operating flexibility by capturing any bar code from close up to medium distances in any lighting condition both indoor (dark areas) and outdoor applications (direct sunlight).
- Improves operator efficiency and increased operator productivity decoding hard-to-read, poorly printed or damaged codes or low contrast codes while reducing no read/misread management activities.

## BEST FEATURE 3 DETAILS

### Extreme Precision Aiming System

#### IMPACT ON USER EXPERIENCE

A sense of **extreme precision** is conveyed to provide the operator with maximum confidence to target the proper code, thus resulting in:

- Wins the trust of the operator for a device that is perceived as their faithful companion to work with everyday
- Improved operator's efficiency
- Increased operator's productivity
- Reduced accidental reads in a multiple bar code environment

## BEST FEATURE 4 DETAILS

### Superior feedback and robustness at the pull of the trigger

#### IMPACT ON KPI

The trigger is the mostly stressed mechanical part of a handheld scanner in the everyday activities at the POS check-out. Particular attention has been dedicated to give associates the best feedback, both tactile and audible, and to grant an intrinsic robustness by design and quality of parts, that outperforms all the other products in its class:

- Ergonomic and comfortable tactile feedback improves operator's efficiency and productivity
- 10 million hits guarantee against break downs and down times, thus minimizing the TCO for the customers

## CABLES AND POWER SUPPLY

PART NUMBER	EXTENDED DESCRIPTION	AVAILABILITY
<b>RECOMMENDED CABLES</b> (currently in use with Gryphon 4500/4200 series)		
90A051230	Cable, RS-232, 9P, Female, Straight, CAB-350 (Power Supply available on pin 9 of the connector or through external power supply), 6 ft.	Currently Available
90A051330	Cable, RS-232, 9P, Female, Coiled, CAB-362, External Power, 6 ft.	Currently Available
90A051710	Cable, RS-232, 9P, Male, Beetle POS, Straight, CAB-389, Power Off Terminal, 6.5 ft.	Currently Available
90A051891	Cable, RS-232, 9P, Female, Coiled, CAB-408 (Power available on pin 9 of the connector or through external power supply), 6 ft.	Currently Available
90A052316	Cable, Active, RS-485 to RS-232, Coiled, 3.6m	Currently Available
90A052258	Cable, USB, Type A, TPUW, Straight, 2M, Black	Currently Available
90A052086	Cable, RS-232, DCE, 9P, Extended Power-Power off Terminal, 4 M	Currently Available
90A052289	Cable, USB, Type A, TPUW, Coiled, Power off Terminal, 5M, Black	Currently Available
90G000008	Cable, RS-232, 9P, Female, Straight, CAB-327, Requires External Power, 6 ft.	Currently Available
90G001092	Cable, RS-232, 6' (For Magellan)	Currently Available
90A052302	Cable, USB+PWR, TPUW, Straight, 2M, Black	Currently Available
90G001095	Cable, RS-232, 9P, Female, Coiled, CAB-362, External Power, 3.6m	Currently Available
90G001010	Cable, IBM PS/2, KBW, Mini-din Connector, Straight, CAB-321	Currently Available
90A052278	Cable, USB, Type A, TPUW, Straight, 2M, White	Currently Available
90A052285	Cable, USB, Type A, TPUW, Coiled, 2.4m, Black	Currently Available
90A052352	Cable, USB, Type C, PVCW, Straight, 2M, Black	Currently Available
90A052353	Cable, USB, Type C, PVCW, Straight, 2M, White	Currently Available
90A052354	Cable, USB, Type C, PVCW, Coiled 2.4M, Black	Currently Available
90A052355	Cable, USB, Type C, High Current, PVCW, Straight, 3M, Black (for use with WLC4190 and BC2090 Base Stations)	Currently Available
90A052356	Cable, USB, Type A, External Power, High Current, PVCW, Straight, 3M, Black (for use with WLC4X90 and BC2090 Base Stations)	Currently Available
90A052358	Adapter USB type A to USB type C (for use with most of Datalogic USB type A cables), (1 pc)	Currently Available
90A052360	Cable, USB, Type C, High Current, PVCW, Straight, 1.2M, Black (for use with WLC4190 and BC2090 Base Stations)	Currently Available
90A052361	Cable, USB, Type A, External Power, High Current, PVCW, Straight, 1.2M, Black (for use with WLC4X90 and BC2090 Base Stations)	Currently Available
94A050044	Cable from USB-C to female USB type A, 1.2M Straight (Device can work as host and client)	Currently Available

# Product Description

POWER SUPPLIES/CORDS		
8-0935	Power Adapter, 12V DC, AC/DC Regulated, RoHS (Requires Power Cord - 6003-XXXX)	Currently Available

94ACC0196	Power Supply, USB C, MEMOR 10 (includes 4 regional plugs)	Currently Available
90ACC0287	Power Supply, 5VDC, includes 2 pin power cord adapter, no power cord	Currently Available
90ACC1885	Power Cord, 2-Pin, EU	Currently Available
90ACC1886	Power Cord, 2-Pin, US	Currently Available
90ACC1887	Power Cord, 2-Pin, UK	Currently Available
90ACC0306	ADAPTER, POWER PLUG, US/JAPAN	Currently Available
90ACC0307	ADAPTER, POWER PLUG, EURO, 2 PIN	Currently Available
90ACC0308	ADAPTER, POWER PLUG, UK	Currently Available
90ACC0309	ADAPTER, POWER PLUG, AUSTRALIA	Currently Available

The above set of cables are the new generation of recommended cables already in use with the Gryphon™ family. Besides being **intrinsically more robust**, they provide the best ESD protection to **avoid any reset and down-turn** during operation. All the products have been tested and certified by Datalogic using these cables. Consequently, **the use of old cables is not recommended**.
